April 9, 2020

Dear Class of 2020,

We hope this email finds you well, and doing your best to navigate these uncertain times. We wanted to update you all on some of the things were are focused on respective to the senior class:

- We have decided to order caps & gowns for every senior, at no cost to you. Mrs. Quesnell has started a process for electronically gathering the necessary information from each of you in order to secure your cap & gown. More information to follow
- We have been notified by the Mount Washington Steamship that they have cancelled our senior cruise, due to their closure amidst the stay-at-home order
- We still do not have a determination on Prom this year. While it is looking doubtful that we will be able to hold it on the scheduled date or at the facility we reserved, we have not yet formally made an announcement to that effect. In the event that we must cancel Prom, we are exploring ways of offering a modified version at a later date and at a different location, if possible
- A decision on the Top Ten Dinner is likely to be made next week. If the school closure extends beyond May 4th, we will likely cancel the event, because the stay-at-home order would likely remain in effect if we cannot return to school at that time
- Mrs. Michaud and Administration have been having frequent conversations regarding Graduation. While we have not yet made a determination about the ceremony, we will likely be looking at some alternatives to the traditional ceremony scheduled for June 6th. It is important that you all know that this is a high-priority for us moving forward, trying to ensure that you receive the celebration you are so deservedly entitled to

We will try to keep you as up-to-date as possible with additional information on decisions like these, as it becomes available. We are very disheartened by the fact that some very important events have already been taken from you this year, and it is not lost on us the impact that this is likely having on each of you. We will work very hard to salvage what we can of your senior year, and celebrate your accomplishments to the best of our ability. The most important thing to remember right now is that you continue to provide the best effort you can in completing assigned work for your classes. Effort means everything right now, despite how unconventional "learning" looks at this time. Making the assumption that you can ignore your academic responsibilities and still graduate is a very poor decision that will likely have serious consequences. Please communicate with your teachers, school counselor, and/or administrators as necessary. We are here to support you the very best we can, and it's incumbent upon you to meet us halfway by offering max effort.

We miss you all. Take care and be well,

PA Administration
